

Articles of Agreement Concerning Interconnection to
Designated Telecommunications Facilities
Pursuant to Paragraphs 2 and 7 of Article 33 of
The Telecommunications Business Law
(to so sei No. 99-2, 1999 or sai so sei No.2, 1999)

Effective July 1, 1999

Table of Contents

			Page
Chapter I	General Provisions		
	Article 1	Application of Articles of Agreement	1
	Article 2	Amendment of Articles of Agreement	1
	Article 3	Definitions of Terms	1
	Article 4	Charges and Technical Conditions, Etc., of Subscriber Line End Interconnection Carrier	9
Chapter II	Scope of Facilities to be Interconnected		
	Part 1	Standard Points of Interconnection	
	Article 5	Standard Points of Interconnection	9
	Part 2	Point of Interface (POI)	
	Article 6	Purpose of Establishment of POI	12
	Article 7	Location of Establishment of POI	12
	Article 8	POI Establishment Range	12
	Part 3	Region Subject to Interconnection	
	Article 9	Region Subject to Interconnection by NTT	13
	Part 4	Functions Provided by Interconnection	
	Article 10	Functions Provided by Interconnection	13
Chapter II-2	Procedures for Installing POIs at NTT Communications Buildings, Etc.		
	Article 10-2	Preliminary Inquiry	13
	Article 10-3	POI Survey	14
	Article 10-4	Application for Establishment of POI	17
	Article 10-5	Entry to Installation Site of Equipment, Etc., Necessary for Interconnection by Applicant for Interconnection	18
	Article 10-6	Establishing POIs at Sites Other than NTT Communications Buildings	19
	Article 10-7	Securing Site for POI Establishment	19
	Article 10-8	Providing Information	19
Chapter III	Procedures for Conclusion of Agreement		
	Part 1	Preliminary Survey	
	Article 11	Application for Preliminary Survey	19
	Article 11-2	Providing Information	20
	Article 12	Acceptance and Order of Preliminary Survey	20
	Article 13	Preliminary Survey Response	20
	Part 2	Consultation Concerning Software Development Costs	
	Article 14	Application, Etc., for Consultation Concerning Software Development Costs	21
	Article 15	Consultation Concerning Software Development Costs	21
	Part 3	Deleted	

For reference purpose only

Article 16 through Article 20: Deleted

Part 4	Application for Interconnection	
Article 21	Application for Interconnection	21
Article 22	Approval of Application for Interconnection	22
Part 5	Application for Installation or Modification of Interconnection Facilities	
Article 23	Application for Installation or Modification of Interconnection Facilities	23
Article 24	Submission of Materials Necessary for Application	25
Article 25	Approval of Application for Installation or Modification of Interconnection Facilities	26
Article 26	Conclusion of Individual Construction Contract	27
Article 27	Changes, Etc., in Installation or Modification of Interconnection Facilities	27
Article 28	Notice of Completion	28
Article 29	Application for Installation or Modification of Other Interconnection Facilities	28
Part 6	Application for Interconnection Software Development	
Article 30	Application for Interconnection Software Development	28
Article 31	Approval of Application for Interconnection Software Development	28
Article 32	Conclusion of Interconnection Software Development Contract	28
Article 33	Cancellation of Interconnection Software Development	28
Article 34	Notice of Completion	29
Part 6-2	Procedures for Interconnection to NTT's Optical Line Facilities	
Article 34-2	Line Facility Survey for Optical Interoffice Lines	29
Article 34-3	Application for Interconnection to Optical Interoffice Lines	30
Article 34-4	Application for Interconnection to Optical Subscriber Lines or Optical Intra-Office Transmission Lines	31
Article 34-5	Entry in Case No Unused Cores are Available in Optical Line Facilities	32
Article 34-6	Handling of Optical Signal Lead-In Facilities	32
Part 7	Defects	
Article 35	Defects	33
Part 8	Upgrades or Usage Cancellation of NTT's Telecommunications Facilities or Software	
Article 36	Upgrades of Telecommunications Facilities or Software by NTT	33
Article 36-2	Usage Cancellation, Etc., of Facilities Subject to Individual Management Through Application by a Contracting Carrier	33
Article 36-3	Disposal or Diversion for Other Purposes of Facilities Subject to Individual Management	34
Part 9	Request for Other Works, Etc.	
Article 37	Request for Other Works	34
Article 37-2	Circuit Adjustment Work for DSL Lines	35
Article 37-3	Request for Installation, Etc., of a DSL Line with Usage Restrictions in Terms of The Converted Line Length	35
Article 37-4	Circuit Adjustment Work, Etc., for Optical Subscriber Lines	35

Chapter IV Standard Interconnection Period

	Article 38	Standard Interconnection Period	36
	Article 39	Period Calculation	37
Chapter V	Conclusion, Cancellation, Etc., of Agreement		
	Article 40	Unit of Agreement	37
	Article 41	Assignment of Status under Agreement	37
	Article 42	Succession of Status under Agreement	37
	Article 43	Amendment of Agreement	38
	Article 44	Cancellation of Agreement by Contracting Carrier	38
	Article 45	Cancellation of Agreement by NTT	38
	Article 46	Termination of Agreement	38
Chapter VI	Obligations		
	Part 1	Obligations	
	Article 47	Confidentiality Obligation	38
	Article 48	Notification of Necessary Matters	39
	Article 48-2	Confirmation of Service Provision	39
	Article 49	Mutual Cooperation	40
	Article 50	Notification of Traffic, Number of Circuits, Etc.	40
	Article 50-2	Deleted	
	Article 50-3	Notification of Transmission Systems for DSL Lines	40
	Part 2	Maintenance	
	Article 51	Responsibility for Maintenance	41
	Article 52	Responsibility of Contracting Carrier to Identify Faulty Sections, Etc.	41
	Part 3	Approval, Etc., of Assignment, Etc.	
	Article 53	Approval of Assignment Concerning Roaming, Etc.	41
	Article 53-2	Assignment, Etc., of Accounts Receivable to Third Party	42
Chapter VII	Patterns of Interconnection		
	Article 54	Patterns of Interconnection	42
Chapter VIII	Handling of Important Communications		
	Part 1	Measures to Secure Important Communications	
	Article 55	Interruption of Interconnection Messages	42
	Article 56	Restriction on Interconnection Messages	42
	Article 57	Identification of Priority Communications	42
	Part 2	Handling Interconnection to Telephones for Emergency Calls	
	Article 58	Handling Interconnection to Telephones for Emergency Calls	43
Chapter IX	Temporary Discontinuance, Suspension and Discontinuance of Interconnection, Etc.		
	Article 59	Temporary Discontinuance of Interconnection	43
	Article 60	Suspension of Interconnection	43
	Article 61	Discontinuance of Interconnection	44
	Article 61-2	Suspension and Discontinuation of Work or Procedures, Etc.	45
Chapter X	Charges, Etc.		
	Part 1	Charges and Expenses Concerning Works or Procedures	
	Article 62	Charges, Etc.	46
	Article 63	Functional Classification of Interconnection Charges	46
	Part 2	Obligation to Pay Interconnection Charges	
	Article 64	Obligation to Pay Flat-Rate Access Charges	46
	Article 65	Obligation to Pay Usage-Sensitive Access Charges	48

	Article 66	Obligation to Pay Network Modification Charges	49
Part 3		Obligation to Pay Expenses for Works and Procedures, Etc.	
	Article 67	Obligation to Pay Expenses for Works	49
	Article 68	Obligation to Pay Expenses for Procedures	50
	Article 68-2	Obligation to Pay Amounts to be Borne for Optical Signal Lead-In Facilities	53
Part 4		Calculation and Payment of Charges	
	Article 69	Method of Calculation of Flat-Rate Access Charges and Network Modification Charges	53
	Article 70	Method of Calculation of Usage-Sensitive Access Charges	53
	Article 71	Measurement of Communications Hours, Etc.	53
	Article 72	Payment of Charges, Etc.	54
	Article 73	Deferred Lump-Sum Payment of Charges	54
	Article 73-2	Forfeiture of Grace Period	54
	Article 74	Settlement of Access Charges, Etc.	55
	Article 74-2	Settlement Based on Actual Results of Interconnection Charges, Etc.	55
	Article 75	Retroactive Application of Interconnection Charges, Etc.	56
Part 5		Deleted	
	Article 76	Deleted	
Part 6		Handling of Discrepancy in Billed Amounts	
	Article 77	Handling of Discrepancy in Billed Amounts	56
Part 6-2		Deposits, Etc.	
	Article 77-2	Deposits, Etc.	56
Part 7		Additional Charges, Penalties and Arrearage Interest	
	Article 78	Additional Charges	57
	Article 78-2	Penalties Concerning Procedures for Interconnection to Optical Interoffice Lines	57
	Article 78-3	Penalties Concerning Procedures for the POI Installation, Etc., in NTT Communications Buildings, Etc.	57
	Article 79	Arrearage Interest	57
Part 8		Assumption of Accounts Receivable	
	Article 80	Assumption of Accounts Receivable	57
Part 9		Charge Billing and Collection on Behalf of Other Carriers	
	Article 81	Billing and Collecting User Charges on Behalf of Other Carriers	58
Part 10		Handling of Fractions	
	Article 82	Handling of Fractions	58
Chapter XI		Technical Conditions	
	Article 83	Technical Conditions	58
Chapter XII		Damage Compensation	
	Article 84	Limitation of Responsibility	58
	Article 85	Handling in Case of Cancellation, Etc.	58
	Article 86	Handling in Case of Business Suspension	59
	Article 87	Handling in Case of Discrepancies in Traffic or the Number of Circuits	59
	Article 88	Exemptions	59
Chapter XIII		Matters Concerning Responsibility to Users	

	Article 89	Setting User Charges	60
	Article 90	Billing of User Charges	60
	Article 91	Special Rules Concerning Roaming, Etc.	60
	Article 92	User Charge Calculation	60
	Article 93	Responses to Complaints or Requests for Fault Repairs, Etc., from Users	61
	Article 94	Conditions for Providing NTT Subscriber Lines, Etc.	61
Chapter XIV	Cases in which POIs are Established within NTT Communications Buildings		
	Article 95	Contract Concerning Installation or Maintenance of Equipment, Etc., Necessary for Interconnection	61
	Article 95-2	Entry for Attendance Purposes by Applicant for Interconnection, Etc.	63
	Article 95-3	Entry When an Applicant for Interconnection Undertakes Installation or Maintenance of Equipment, Etc., Necessary for Interconnection	64
	Article 95-4	Standard Lead-Time for the Installation of Equipment, Etc., Necessary for Interconnection	65
	Article 95-5	Restrictions on Work, Etc.	65
Chapter XIV-2	Settlement by Mediation or Arbitration		
	Article 95-6	Settlement by Mediation or Arbitration	66
Chapter XIV-3	Deleted		
	Article 95-7	Deleted	
Chapter XV	Telephone Directory Listing and Directory Assistance for Contracting Carrier Subscriber Line Numbers, Etc., and Directory Information Database Registration and Directory Information Database Usage		
	Article 96	Telephone Directory Listing of Contracting Carrier Subscriber Line Numbers, Etc.	66
	Article 97	Directory Assistance for Contracting Carrier Subscriber Line Numbers, Etc.	67
	Article 97-2	Directory Information Database Registration	67
	Article 97-3	Directory Information Database Usage	68
Chapter XVI	Miscellaneous		
	Article 98	Providing Subscriber Information to Contracting Carriers with Individual Subscriber Contracts	69
	Article 98-2	Providing Subscriber Information to Contracting Carriers Receiving the Carrier Pre-subscription Function	70
	Article 99	Providing Subscriber Information to Contracting Carriers with Assumed Individual Subscriber Contracts	71
	Article 99-2	Providing Information Concerning Availability of Communications Building, Etc.	73
	Article 99-3	Providing Information Concerning the DSL Line, Etc.	74
	Article 99-4	Providing Other Information Relating to Interconnection to the DSL Line	74
	Article 99-5	Forms	75
	Article 99-6	Providing Information Concerning Optical Line Facilities	75
	Article 99-7	Providing Other Information Relating to Interconnection to Optical Line Facilities	75
	Article 99-8	Providing Information Concerning Interconnection Procedures and Basis of Calculations	75
	Article 99-9	Providing Information Relating to Customer Premises Optical/Electric Signal Conversion Equipment	76
	Article 99-10	Providing Information Relating to the Introduction of New Network Functions by the Equipment Subject to the Provision of Information on Network Functions	76

Article 99-11	Providing Other Information Relating to the Introduction of New Network Functions by the Equipment Subject to the Provision of Information on Network Functions	76
Article 100	Limitation of Approval	77
Article 101	Reciprocal Conditions	77
Tables of Charges		78
General Rules		
Table 1.	Interconnection Charges	78
1.1.	Access Charges	78
1.1.1	Application	78
1.1.2	Charge Amounts	91
1.1.2.1	Subscriber Line Transmission Function	91
1.1.2.1-2	ISM Loop-Back Function	96
1.1.2.1-3	Optical/Electric Signal Conversion Functions	97
1.1.2.1-4	Optical Signal Multiplexing and Demultiplexing Functions	97
1.1.2.2	Subscriber Switching Function	98
1.1.2.2-2	Function to Use Transmission Equipment for Local Switch Interconnection	99
1.1.2.3	Local Transmission Function	100
1.1.2.4	Tandem Switching Function	100
1.1.2.5	Interoffice Transmission Function	100
1.1.2.6	Exclusive Transmission Function	103
1.1.2.6-2	Data Transmission Functions	117
1.1.2.7	Signal Transmission Function	119
1.1.2.8	Directory Assistance Function, Etc.	119
1.1.2.9	Operator Assistance Service Function	121
1.1.2.10	Public Telephone Function	121
1.1.2.11	Other Functions	121
1.1.2.12	Inter-Terminal Transmission Function, Etc.	124
1.1.2.13	Routing Transmission Function	125
1.1.2.14	Synchronization Signal Supply Function	125
1.2.	Network Modification Charges	126
1.2.1.	Application	126
1.2.1.1	Functions Subject to Network Modification Charges	126
1.2.2.	Charge Amounts	133
1.2.2.1	Calculation Formula	133
1.2.2.1-2	Charge Amounts in Case of Upgrades or Usage Cancellation of Facilities Subject to Individual Management	135
1.2.2.1-3	Charge Amounts in Case Some Contracting Carriers Cancel the Usage of Facilities Subject to Individual Management that are Being Used by Multiple Contracting Carriers	136
1.2.2.2	Ratio for Calculation of Fixed Asset Acquisition Value	137
1.2.2.3	Ratio for Calculation of Annual Charges	137
Table 2.	Expenses for Works and Procedures	139
2.1	Expenses for Works	139
2.1.1	Application	139
2.1.2	Amount of Expenses for Works	141
2.1.2.1	Expenses for Works	141
2.1.2.2.	Expenses for Works Other than Expenses in 2.1.2.1	151
2.1.2.3	Calculation Formula	152
2.1.2.4	Work Unit Charges Applied to 2.1.2.3	152
2.2	Expenses for Procedures	153
2.2.1	Application	153
2.2.2	Amount of Expenses for Procedures	155
2.2.2.1	Expenses for Procedures	155
2.2.2.2.	Expenses for Procedures Other than Expenses in 2.2.2.1	163

2.2.2.3	Calculation Formula	164
Table 2-2	Amounts to be Borne Under an Entrusted Construction Contract	165
2-2.1	Calculation Formula	165
Table 3	Amount to be Borne Under Entrusted Maintenance Contract, Etc.	166
3.1	Amount to be Borne for Communications Buildings	166
3.1.1	Calculation Formula	166
3.1.2	Housing Charges for Installation Space Needed by Equipment, Etc., Necessary for Interconnection	169
3.1.2.1	Application	169
3.1.2.2	Charge Amounts(In the Case of NTT East)	169
3.1.2.2	Charge Amounts(In the Case of NTT West)	181
3.2	Amount to be Borne for Cable Tunnels or Conduits	196
3.2.1	Application	196
3.2.2	Charge Amount for Cable Tunnels or Conduits	197
3.2.2.1	Charge Amount for Cable Tunnels(In the Case of NTT East)	197
3.2.2.1	Charge Amount for Cable Tunnels(In the Case of NTT West)	197
3.2.2.2	Charge Amount for Conduits(In the Case of NTT East)	197
3.2.2.2	Charge Amount for Conduits(In the Case of NTT West)	197
3.3	Amount to be Borne for Telephone Poles	198
Table 4	Amounts to be Borne for Optical Signal Lead-In Facilities	199
4.1	Amounts to be Borne for Reservation of Optical Signal Lead-In Facilities	199
4.2	Amounts to be Borne for Removal of Optical Signal Lead-In Facilities	199

Attached Table 1	Functions Provided by Interconnection	A-1-1
Attached Table 2	Patterns of Interconnection	A-2-1
Attached Table 3	Forms	A-3-1
Supplementary Provisions		S-1

Collection of Technical Conditions [Translation omitted]

Notes:

1. With respect to any difference in contents between NTT-East and NTT-West, such matters are described respectively.
2. Any matters that are entered in the Articles of Agreement of NTT-East only are highlighted with solid lines, and those matters that pertain only to NTT-West are highlighted with dotted lines.
