

2. Trends in Operating Revenues

- Operating Revenues for Voice + IP-related services decreased 14.5 billion yen compared with the prior fiscal year, due to voice transmission revenues decreasing more than the increase in IP-related revenues.
- Despite an increase in supplementary business revenues (8.5 billion yen), Operating Revenues for other services decreased 5.1 billion yen compared with the prior fiscal year, due to, among other things, a decrease in revenues from legacy-related services.
